

# SAVONLINNAN LYSEON LUKIO HIGH SCHOOL

1884

a vantage point for knowledge,  
nature and future

# Savonlinnan lyseon lukio

Established in 1884, this high school is among the oldest high schools in Finland. It has some 400 students, from 8 different towns, and 35 members fulltime staff. SLL is the largest high school for young people (ages 16-18) in its area. The aim of SLL is to provide students with wide-ranging and versatile general education, giving them the best possible skills for further studies in higher education.
